ABOUT IEL and the MINDS THAT MOVE US

The Institute for Educational Leadership (IEL), in partnership with the Coalition for Adult Basic Education (COABE) and the National Association of State Directors of Adult Education (NASDAE), invests in community leaders to drive innovation in adult and career education. 250 personally invited innovators — start-up companies, business leaders, policy-makers and educators — who are transforming the field of career and adult education are converging at the Minds that Move Us festival. We'll offer a day of hearty conversation and networking, plus a unique "Election Day" where 10 teams from around the country will pitch judges and the audience on innovative designs in career pathways.

IEL and its partners pride themselves on an ability to create customized sponsorship packages to accommodate the needs of its sponsors. Through a mixture of access exposure, hospitality, social media and experiential activation each sponsor receives benefits that ensure sponsorship and marketing goals are met.
